

**NEW CURRICULAR AND SCHEDULING REQUIREMENTS  
UNIVERSITY HONORS COLLEGE  
EFFECTIVE FALL 2017**

Dear Colleagues,

Last spring the Faculty Senate and the Deans Council approved a set of curriculum changes in the University Honors College that will require several action-steps. The changes will make scheduling and teaching Honors sections more intentional and Honors-focused. These changes are in effect for the fall 2017 semester and thereafter:

1. Instructors in every Honors section must include on their syllabus a clear statement of Honors course requirements, expectations and outcomes. Honors students must be informed of the course requirements and how outcomes are to be met. (In the case of dual-listed sections, a separate Honors syllabus must delineate differences in course offerings.)
2. Honors syllabi must be forwarded to the UHC director (Dr. Elizabeth Thyrum) at the time the syllabus is first presented to the Honors students.
3. No proposed Honors section may be placed on the schedule or offered without the prior approval and consent of the UHC director.
4. The University Honors College welcomes a diversity of course offerings. If you have any questions, please contact Dr. Elizabeth Thyrum, and please direct all communications to her attention. Dr. Thyrum begins here tenure as Director on August 28.

Thank you for your cooperation in implementing these policies and for supporting the UHC.

Dennis B. Downey, PhD  
Professor of History  
Director of the University Honors College
