

This morning, September 14, 2017, faculty and staff received a link for training through their campus email as part of a requirement of the Clery Act. The email came from the Pennsylvania State System of Higher Education. The training fits into the University mission and the goal of University Police to increase the safety and responsible reporting for our students, employees and visitors.

Chief Anders will also email specific faculty and staff who are identified as CSAs by their positions or student group advisement to provide further information on Clery requirements and reporting. A Campus Security Authority is defined by the Clery Act as: An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution. (2016 DOE Clery Act Handbook).
