

How to select a room during Room Selection

Log into your MyHousing Account:

- Open your MAX Account
- Select *Student Services*
- Select *Housing & Dining*
- Select *MyHousing*
- On your home screen, if you are eligible to select a room during a current room selection, you will see it listed as such below

Once you click the “select a room/suite” option, it will bring you to this option. Here, you will see everyone that you matched with as a roommate. If you did not select a roommate, you will only see your name listed.

When you go to select a room, you will only see rooms that have enough spaces for all your selected roommates. For example, if you are matched with three other students, you will only see rooms that have enough spaces for four students.

Once ready, you will go to the **Select from Room List**

Select from Room List

You will now see all the available rooms you are able to choose from. You will need to scroll through all the rooms if you are looking for a specific type.

In this picture below, you will see listed East Village A – T105A and East Village A-T105B. For the East Village A T-105A, you will see listed:

- Room type – 2BR double suite (this is a room for four students, two bedrooms, two bathrooms)

Once you decide which room you want to select, you will click the **Select Room/Suite**. Once you do that, you will get the option to place yourself in the suite. The example student was not matched with anyone, so they picked the A-bedroom in South Village A T103 and so the other bedroom would be left open for someone else to choose.

If you are matched with someone, you would be able to pick which bedroom each of you would take. Once ready, you can click the **Submit Room Selection** button.
