

Department of Nursing

in collaboration with

Departments of Sociology and Social Work

and

Xi Chi Chapter, STTI

Invite you on **April 5, 2017 from 6-8pm** in **McComsey Hall, Myers Auditorium** to view ***Journey to Normal***, an inspiring glimpse into the lives of women who have served in combat.

This film shares the narrative stories of women veterans who have served in combat. According to *Sebastian Junger*, author of the *Tribe*, there has been a cultural disconnect between military and civilian populations. ***Journal To Normal*** provides a bridge in that gap through storytelling.

One goal is to increase understanding of these women's service, sacrifice and challenges as they transition from military service to civilian life.

Film running length 90 minutes followed by discussion from the film's director, **Julie Hera DeStefano**. <http://www.journeytonormal.org/>

Cost: FREE
