Re: Academic & Administration Building Fire Drills

The semi-annual academic & administration building fire drills will be conducted **April 10-14, 2017**.

If there is a particular day or time that you want us to avoid (so as not to interrupt scheduled meetings, examinations, seminars, etc.) please call me at 871-4240 or email me at patrick.weidinger@millersville.edu. All I need is the building name, the date, and time of the meeting, examination, seminar, etc. I will be sure to avoid the building at that time.
