

Dear Faculty and Staff,

Thank you for your support in hosting three wonderful Commencement ceremonies last week. In spite of the weather, we created a welcoming atmosphere for our students' families and their guests. I believe we were successful in making this the special, celebratory

day to which so many of them looked forward.

I extend my sincere thanks to all of you, but especially to those who worked so hard to move the ceremonies indoors on Saturday.

Now relax and have a great summer!

John
