

Presidential Search

Millersville University's Council of Trustees (COT) are currently working to form a committee to search for a new president for Millersville University. Dr. John Anderson announced that he will be retiring effective March 1, 2018.

At their meeting last night, the COT named trustee Ann Womble as chair of the search committee. In addition COT members Jordan Harris, '06 and Kevin Harley, '86 were also named as members of the committee. There is a Board of Governors' policy that specifies many of the members for the search committee. The COT will be following that policy to fill out the committee. As chair, Womble will select the search firm that will assist the committee.
