Please contact the Learning Institute  
with questions at  
[learninginstitute@millersville.edu](mailto:learninginstitute@millersville.edu)

Are you interested in:

- How the PPACA (Obamacare) has changed healthcare delivery?
  - How our local hospitals have responded to these changes?
- Learning about the occupations and roles that support innovative approaches to healthcare delivery including: clinician, nursing, social work, behavioral health, community health work and spiritual care?

Brought to you by:  
Millersville University's School of Social Work's Learning Institute and  
Millersville University's Department of Nursing
