In an effort to provide you with tools to better prepare to meet your financial goals, we are very proud to partner with VALIC to offer an educational workshop on **Retirement Planning**. This seminar will help you identify your retirement goals, determine your sources of retirement income and create a financial plan that will help prepare you for an enjoyable retirement journey.

In this seminar, you will learn about:

- Calculating the cost of retirement
- Determining sources of income
- Defining the role of Social Security
- Evaluating the cost of procrastination
- Taking advantage of a workplace retirement plan
