

Community Environmental Legal Defense Fund

Are you interested in spearheading a movement to advance Community Rights and Rights of Nature over corporate claimed "rights?"

The Community Environmental Legal Defense Fund (CELDF) is building a movement for Community Rights and the Rights of Nature to advance democratic, economic, social, and environmental rights. CELDF is building upward from the grassroots to the state, federal, and international level. CELDF's mission is to build sustainable communities by assisting people to assert their right to local self-government and the rights of nature.

Presented by:
Chad Nicholson

Sponsored by:
Millersville University
School of Social Work
The Learning Institute

February 21, 2018
