

# FREE Overdose Reversal Training

The only way to reverse an opioid overdose is to administer Naloxone. ***You can be trained to administer Naloxone.***

## **YOU WILL LEARN:**

1. Basic facts about opioid abuse and the opioid epidemic.
2. How to recognize and respond to an opioid overdose by administering Naloxone and doing rescue breathing.
3. What to do to support an overdose victim after they have been revived.

**When: Wednesday, February 7 from 4:00-5:30 P.M.**

**Where: The Reighard Multi-Purpose Room (MPR) in the Student Memorial Center (SMC)**

**If you have any questions, please contact Dr. Mary Glazier at [cpsga@millersville.edu](mailto:cpsga@millersville.edu) or 717-871-7631**
