

Spring Open Houses are a great way to put your Club or Organization in the spotlight for potential students. Families love speaking to current students about their campus experiences and involvement with clubs and organizations.

The March Open House is for students who are considering everything that Millersville has to offer academically and is a perfect way to promote your organization so that these students can see the many ways that they can get involved on campus.

The Admitted Student Expo is for all of the students that have been admitted for the fall 2018 term. These students may have already confirmed that they will be attending in the fall, while others are still making their final decision, but either way it provides an opportunity to show everything that Millersville has to offer and recruit students for your clubs and organizations.

### Spring Event Dates

March 24, 2018 – Open House

April 7, 2018 – Admitted Student Expo

Register online at <https://apply.millersville.edu/register/Spring2018>

- Select each of the dates that your organization would like to participate
- Select the “Campus Activities & Information Fair”
- Select any other sessions that you would like to participate
