

## **Film Crew on Campus Week of April 30**

A professional film crew will be on campus on Monday, April 30, through Friday, May 4. They are filming new Admissions' videos to be used in the Lombardo Welcome Center and to recruit prospective students for the next several seasons. Arrangements have been made to film as many varied classes and activities as the crew's schedule permits. Take special note that on Thursday morning, May 3, a video drone will be on campus filming exterior grounds and building shots only for three hours, roughly 9 a.m. to noon. The drone will be operated by a licensed professional, and all drone footage will be used for recruitment purposes only. Both Admissions and University Marketing & Communications are truly grateful for your cooperation with these projects and for accommodating the video crew next week. Any questions or concerns can be directed to [Gale.Martin@millersville.edu](mailto:Gale.Martin@millersville.edu) or x5829.
