

Facilities Management Department Notice James Street Crosswalks

Description:

You may have noticed the renovations to James Street upon your return to campus. New sidewalks, new curbs, new road. The last item to install is the depressed crosswalks used throughout campus. This work was not completed over the summer due to the contractor's availability and the rainy weather.

Event Timeframe:

*Beginning Date: Monday, September 24, 2018 7:00 a.m.
Ending Date: Wednesday, September 26, 2018 4:00 p.m.*

Campus Impact:

Seven new crosswalks will be installed next week. During the installation, traffic on James Street will be limited to one-way traffic.

We apologize for any inconveniences that this work may cause but this project puts the finishing touches on the project.
