

Office of International Programs and Services
(Formerly Global Education)

Effective immediately, the office name will be changing from Global Education to Office of International Programs and Services. This change was made to reflect the expanded mission and goals for the unit over the past two years. Our programs and services include:

- **Education Abroad** – *Facilitates international educational opportunities abroad. This includes traditional study abroad, professional experiences, and MU- faculty led trips.*
- **English Language Institute** – *Provides intensive English instruction designed to meet the academic needs of international students and other non-native English speakers.*
- **International Student and Scholar Services** – *Provides immigration and cultural advising to all international students and scholars during their transition and time at Millersville University.*
- **International Partnerships and Sponsored Programs** – *Develops and maintains strategic partnership across the globe. This includes working with academic departments to create dual-degree program, and facilitates the hosting of visiting scholars.*

In the next few weeks you will see a transition to the new name, with the website and official department documents making the formal transition for winter 2019.

For more information on the Office of International Programs and Services, please contact us by phone (717-871-7506), email (international@millersville.edu), or by visiting [our website](#). We are currently located in Cumberland House and Adams House (Frederick St. and George St.) and are open Monday-Friday 8:30am- 4:30pm.
