

# Joint Math Colloquium

**Millersville University and Franklin & Marshall College**

- Speaker: **Dr. Emily Sergel**  
**Department of Mathematics**  
**University of Pennsylvania**
- Topic: **Career advice: how to get into graduate school and beyond**
- Date: **October 18, 2018 (Thursday)**
- Time: **4 – 5 p. m.**
- Place: **Room 218, Wickersham Hall, Millersville University**
- Contact: **Baoling Ma (717) 871-4263 [Baoling.Ma@millersville.edu](mailto:Baoling.Ma@millersville.edu)**  
**Kevin S. Robinson (717) 871-7313 [krobinson@millersville.edu](mailto:krobinson@millersville.edu)**

**Abstract:** This talk is for undergraduates who are considering a career as an academic mathematician. I will talk about how you can get the most of your undergraduate experience, what graduate schools are looking for, and what to expect after you get in. I will also talk about my own experience with REUs, the NSF graduate fellowship, AWM student chapters, and other programs I've participated in.

All are Welcome
