

Millersville University: Academic Early Alert

A Proactive Support Initiative for Students Experiencing Academic Challenges

YOUR SUCCESS IS IMPORTANT TO US!!!

The EARLY ALERT INITIATIVE allows teaching faculty to identify students who are experiencing challenges in the classroom. Challenges can include: attendance, engagement and/or difficulty with the course material.

SHOULD YOU RECEIVE AN EARLY ALERT NOTICE, you are expected to meet immediately with your professor for clarification and support. In addition, you are expected to respond should an "Early Alert Care Team" member contact you.

FUTURES START AT MILLERSVILLE UNIVERSITY!!!

Your college education at Millersville is your ticket to having more choices for your future. After all, success is a large personal commitment over a sustained period of time. We want your total MU experience to be rich, empowering and the best it can be.

Your classroom experience is the first step.....

For further information see your professor, advisor, or the Advisement Office.
