

PURA VIDA: THE 'VILLE IN COSTA RICA

JANUARY 4-13, 2020

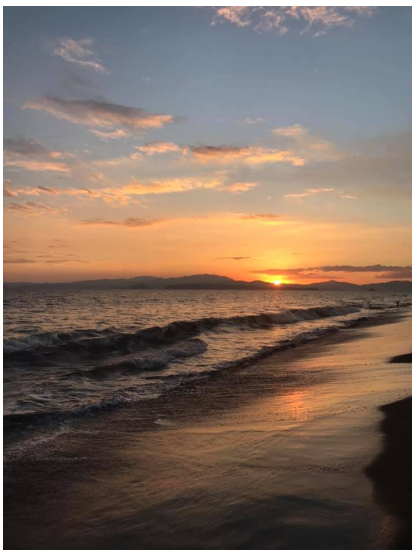

What is it? A service learning camp program! Students will work at HeartSong, an English immersion day camp in Heredia, Costa Rica teaching environmental education, art, music, and recreation!

How much is it? \$2550 per student: includes flight, all meals and snacks while in Costa Rica, housing, excursions, materials for camp.

Where will I stay? Students will stay in homestays with Costa Rican families.

How will this benefit me as a future teacher? This experience will increase students' knowledge of other world cultures, to develop an appreciation of educational perspectives of a foreign country. Students will be engaged in educational environments beyond the traditional classroom.

Program leader: Dr. Janet Josephson
