

Seniors and Freshmen: You can make a difference!

Seniors and Freshmen, do you want to make a difference at Millersville? You can!! By completing the NSSE (National Survey of Student Engagement) and telling Millersville more about your college experiences, you can make a difference. If you take the survey by April 30th, you may also be eligible to receive an iPad Mini (donated by Student Services, Inc.) and other great incentives! Just check your MU email for another invitation sent today, and let your voice be heard!

If you have questions, please contact the office of Planning, Assessment and Analysis 717-871-7871.
