

Meal Plan Members

Greetings from Dining Services! As the Spring 2019 Semester draws to an end: I wanted to wish you well during your exams and congratulate those who are graduating within the week.

Hopefully, you are aware that the traditional Meal Plan structure of weekly and block plans will be discontinued after this semester, including Flex Dollars. When you return next Fall, your dining choices will be a brand new Declining Balance Option program. You will "Pay as you Go" with one of the six Declining Balance levels. Each student will be responsible for managing their debit dollars throughout the course of each semester. Please visit the Dining Webpage for details.

GOOD NEWS FROM DINING! As we discontinue one meal plan structure and move to the Declining Balance Options program, we will permanently be closing all Flex Dollar Balances. I am pleased to announce that Dining and Conference Services will be refunding any Flex Dollar balance greater than \$5.00 at the conclusion of the 2019 Spring Semester. The balance will be credited to your Student Account and applied to any current balance due and/or future charges. Students who are graduating may request a refund check for the balance left in their Student Account.

Have a great summer! Sincerely, Edward Nase, Director of Dining and Conferences.
