

*Come when you can.
Take what you need.
Leave when you want.*

We know that you've been in college before. That's why we're taking a different approach to getting you ready to join our community at Millersville University.

You will be assigned to one of four orientation dates based upon your date of deposit. Confirm your participation or request a new date using the survey link emailed to you.

When you come to campus, check in with us and then take advantage of any of the programs listed on the schedule to the right. You decide what you need from the program. Stay for a few hours, or stay for the day.

Members of the orientation team will be here to assist you throughout the day, and you can stop by the Hospitality Center at any time to relax and re-focus.

TransferMation Days

June 18 ▪ July 12 ▪ July 22 ▪ August 12

8:00 A.M./NOON MATH PLACEMENT EXAMS

See page two for details

11 A.M. – 3 P.M. (BY REQUEST) CAMPUS TOURS SMC, ROOM 118

Orientation Team members are available to lead you on a walking tour of campus or to any locations you would care to see.

BY APPOINTMENT SCHEDULE ADVISEMENT

If you wish to meet with a department representative about your fall class schedule, you must contact them directly to arrange a meeting. You are not required to meet with them on the day of orientation (and they may not be available that day), but you should be communicating with them as soon as possible for advising.

Program Details

MATH PLACEMENT EXAMS

Basic Skills Test prerequisite for MATH 104/105
Math Placement Test

BROSSMAN HALL, RM 102
CAPUTO HALL, ROOM 210

All students are required to either transfer in a 100 level (or higher) Math course or complete the University's Math Placement Test and/or Basic Skills Test.

Students majoring in:

- **Applied Engineering, Biology, Business, Chemistry, Computer Science, Earth Sciences, Economics, Exceptional Education, Geology, Mathematics, Meteorology, Ocean Sciences & Coastal Studies, Physics, Psychology, or Sociology** should complete the *Math Placement Test* today so that their class schedule can include any necessary math sequence.
- **Art, Communication, English, Foreign Languages, Government & Political Affairs, History, Music, or Philosophy** may wait to take the *Math Placement Test* as it does not as significantly impact their academic schedules. However, the sooner it is taken, the greater flexibility you may have with scheduling classes.
- **Early Childhood Education** should complete the *Basic Skills Test (BST)* today.
- **Middle Level Education** are required to complete both tests. These students should take one of the two tests today.

Students entering as **Undeclared** and without transferred math credit should take the *Math Placement Test* today.

FOREIGN LANGUAGE PLACEMENT TEST

A placement test in French, German and/or Spanish is required for incoming students majoring in a world language. The placement test is also available to students who would like to begin their studies at an intermediate or higher level. To take the test You may register online at:

<https://www.millersville.edu/languages/placement-and-assessment/index.php>.

CHEMISTRY PLACEMENT TEST

CAPUTO HALL, ROOM 210

This 30-minute test is required if you are or plan to major in **Biology, Chemistry, Physics, Meteorology, Geology, Oceanography, Earth Science Education, or General Earth Science**.

PRESENTATIONS

Navigating your Degree Path (9:30 a.m. and 1:30 p.m.)

A guide to understanding degree requirements and class scheduling.

Degree Works (10:15 a.m. and 2:15 p.m.)

Using a web-based tool for monitoring progress toward degree completion.

Housing Know How (11:00 a.m. and 3:00 p.m.)

A brief overview of the housing process and options for transfer student housing.

Brightspace D2L (11:45 a.m. and 3:45 p.m.)

Navigate online learning and teaching software used in many MU classes online and in person.

*Come when you can.
Take what you need.
Leave when you want.*
