## BEST COOKING CLASS Zest! Cooking School

Inspired by their travels through France, Italy, and the US, owners Sharon and Jim Landis created Zest! to explore their culinary passion. They test everything the store offers themselves and are dedicated to customer satisfaction and community building. Because of this, they offer in-depth cooking classes at their new Quarry Road location, where you can learn to make Pennsylvania Dutch classics, beautiful cupcakes and pastries, and delicious party and picnic staples to entertain and wow your guests. They offer hands-on experience for almost all of their classes, some of which even include young aspiring chefs.
