

## Chancellor Visit – October 4

On Friday, October 4, 2019, Dr. Dan Greenstein, Chancellor of Pennsylvania's State System of Higher Education (PASSHE), will visit Millersville University to give an update on the State System Redesign process.

There is an open forum for all faculty, staff, students, legislators and alumni from 3:15-4:45 p.m. in Ford Atrium. The entire campus community is welcome and encouraged to attend. During the open forum, he will also be available to answer questions.

Chancellor Greenstein marked his first year in office at the start of September. He reflects on many of the things he's experienced in the last 12 months in his newest blog, "Yes we can. Yes we must," which you can [read here](#). The chancellor will go over some of these reflections and discuss the ongoing redesign process during his campus visit.

Additional information on Chancellor Greenstein can be found on the PASSHE website - <http://www.passhe.edu/chancellor/dan>.
