Last spring Millersville transitioned to using Nuventive Improve (formerly TracDat), an assessment database management tool, for submission of annual reports and student learning outcomes assessment plans and results. These sessions are for faculty who need help submitting their program's student learning outcomes reports in Nuventive. Or, if you know how to use the tool and just want the dedicated time to work on your report, come to a session. Participate in one or more of these CAE sessions. Bring your evidence with you. Please RSVP to Kay Keen at Kay.Keen@millersville.edu (or call x7871).

If you have any questions about events, check out the CAE website at www.millersville.edu/cae or email oliver.dreon@millersville.edu.
