Microsoft Forms in Office 365: Multi-use Functionality

Matthew Fox, Instructional Designer, Online
Programs

November 19, 2019
Tuesday Common Hour (12:05 – 1:10 PM)
McNairy 502

Microsoft Forms is an app supported by Millersville University that is within Office 365. Its use is multi-functional: assessments, surveys, feedback, and more. Users can keep content and access visible to MU account holders only, and completed forms information is easily stored and timestamped. In this session, we will explore the diverse ways faculty can use Microsoft Forms and provide examples for implementation in your courses.

If you have any questions about events, check out the CAE website at www.millersville.edu/cae or email oliver.dreon@millersville.edu.
