

Your finals are finally wrapping up. The end of the fall semester is drawing to a close and suddenly you realize if you take just 3 credits this winter, it will put you back on track to graduate in 4 years!

Why not ease your course load by taking a class during the Winter Session! There are many courses online so you can work from the comfort of your home over break. With class ranging from the 100-level to Graduate level, you will be able to get ahead or even get caught up.
