Bertha DeJesus, Social Work
Abdulsalami Ibrahim, Educational Foundations
Rashid Noah, English
Andie Petrillo, English
Laura Ramos-Sepulveda, Biology
Timothy Smith, English

Camp IDEA - Innovative Digital Education & Assessment - is a one-week professional development workshop for faculty interested in incorporating more digital components in their face-to-face, blended or online classes. The goal of Camp IDEA is to develop or strengthen participants' foundational understanding of pedagogy in support of learner-centered instruction in online environments. Led by a multi-disciplinary instructional team, Camp activities introduce participants to a multitude of technological tools and resources, while simultaneously examining the theory and best pedagogical practices of a variety of instruction situations. Camp IDEA is offered twice a year (January and May) and participants receive \$200 towards their professional development.
