

2020 ART & DESIGN INTERACTIVE AND GRAPHIC DESIGN SENIOR SHOW

2020 MILLERSVILLE UNIVERSITY VIRTUAL INTERACTIVE & GRAPHIC DESIGN SENIOR SHOW

The Virtual Interactive & Graphic Design Senior Show gives seniors a chance to show off what they've done within their design courses and capstone class. The interactive and graphic design show exhibits projects that showcase the versatility and talent of our students. Highlights include senior capstone projects, book design, packaging, publication design, web design, wayfinding, exhibition design, and motion graphics.

Senior portfolio websites are reviewed by outside judges, with winners receiving monetary awards. Freshmen, sophomores, and juniors can learn what types of projects they will work on and see how their current classes can be applied to future capstone projects.

TO REVIEW THE STUDENTS PORTFOLIOS
