

Learning, socializing, entertainment – why not manage your financial well-being digitally?

PSECU was built for this! We're a digital credit union that can help you manage your money anytime, anywhere. We'll also give you the resources to stay financially healthy.

To open an account, visit psecu.com/students and start saving now. If you have questions or if we can assist with your application or financial education needs, email Kristyne Schonhaut at Kschonhaut@psecu.com or call 717-871-7732 to speak to a PSECU Financial Education Center Manager.

PSECU is different than a bank, and our goal is to keep more of your money where it belongs – with you. We're Pennsylvania's largest credit union – and we're a proud partner of Millersville University, serving more than 100,000 college students at 28 institutions across the state in the last 20 years.
