

The HUB/Campus Cupboard Offers Food Assistance for 'Ville Employees

In this challenging time, the HUB and Campus Cupboard are extending the resources they typically provide to Millersville University's students to the University employees who have been notified that the University does not have any work for them at this time.

Campus Cupboard will prepare Family Food Boxes with essential items that will be distributed once a week.

These boxes are designed for those members of our University community who are not working and have exhausted all of their resources. If you are an employee who could use these resources, please visit help.hubmu.com.

If you would like to donate to the HUB/Campus Cupboard, please visit donorbox.org/hub-cares.
