

Facilities Management Department Notice Building Entrance Signage

Signage will be installed on several building entrances identifying “entry” and “exit” pathways.

Some locations may have floor markers to ensure the appropriate social distancing.

These major entrances have multiple sets of double doors. Only one set of the exterior doors have automatic door openers.

If anyone needs the assistance of the automatic door operators, please use them regardless of the “Enter” or “Exit” signs.

If you have any questions or concerns please call Facilities Management Department at 717-871-7875 or email mufacilities@millersville.edu.
