

Ahoy Marauders!

As we dive into the 2020 Fall Semester, the Tutoring Center has a few resources that we would like to remind you about!

First of all, we have **FREE tutoring** available! Visit us online at <https://www.millersville.edu/tutoringcenter/apply-to-get-a-tutor.php> you can sign up to be matched with a one-on-one tutor. Currently, we tutor for the following departments: Art, Business Administration, Communications, Earth Sciences, English, Government and Political Affairs, History, Latino Studies, Mathematics*, Social Work, Wellness and Sports Sciences.

Please also be sure to check "[Tutoring Schedules](#)" tab for Zoom group tutoring times! During those times, you are free to pop in without registering, but you will need to email Tutoring.Center@millersville.edu between 8 AM – 4 PM to receive the Zoom link.

Secondly, we are looking to **hire new tutors!** If you are interested in being a tutor for any course in the above-mentioned departments, please [visit us online](#) to apply! ***This is a paid opportunity*** - you could be making \$10/hr by tutoring through the University!

Lastly, the University has partnered with [Smarthinking](#), which has additional resources available to you through D2L under the "University" tab. While this resource is not affiliated with the Tutoring Center, you may find it beneficial, and we want all MU students to succeed this semester!

We know this semester may be extra challenging, so we want you to know that the Tutoring Center is here for you! Please visit our webpage at <https://www.millersville.edu/tutoringcenter/index.php> and feel free to email us at Tutoring.Center@millersville.edu if you have additional questions!

Warmly,
The Tutoring Center Staff

**Math tutoring through the Tutoring Center is limited, and may not be available for all students.*
