

Cannon Recertified Oct. 23

The cannon on campus is scheduled to be recertified on Friday, October 23 between 8 a.m. – 9 a.m.

Activity:

To train inexperienced cadets on the proper and safe operation of the Millersville University Athletics Department Cannon; a replica Canon de 4 Gribeauval/4 pound French Cannon. The training includes functions check, setting-up and securing surface danger zones and other safety protocols, loading black powder cartridge, firing, misfire procedures, clearing cannon, and cleaning and maintenance.

No projectiles are propelled when the cannon is fired.

Sanitization and Safety Precautions:

Face masks will be worn and six-foot social distancing maintained as much as possible. Trainee Cadets may step up close to see hands-on demonstration then step back away from trainer until next up-close demonstration is ready to minimize the close interaction time.
