

Commencement Speaker and Honorary Degree Nominations Sought

Millersville University seeks individuals for an Honorary Degree, whose achievements reflect the values and mission of the University. Honorary Degree recipients must have made outstanding contributions to the welfare and well-being of the community at large. Such degrees are granted to recognize individual creativity, distinguished service, significant scholarships, the professions, public service or in service to humankind.

Commencement speakers will be chosen based on similar criteria. As the Commencement ceremony is a celebration of the accomplishments of our graduating class, Commencement speakers should have the ability to give a positive, meaningful and inspirational address to the graduating class and their families.

Note: a nomination does not ensure acceptance.

Please provide all the information requested on the online form. Be sure to check the box for either Commencement speaker or Honorary Degree recipient. Since the Commencement ceremony is a celebration of student achievement, it is important that nominees are skilled public speakers. Additionally, Commencement speakers should be leaders in their fields and have a positive message for graduates and their families.

A Committee will review all nominees.

To make a nomination please complete the form found @ <http://www.millersville.edu/commencement/nominate-commencement-speaker/index.php>

Deadline for nominations is **October 31, 2020.**
