

LANCASTER PARTNERSHIP PROGRAM THINK 30 TO GRADUATE!

PLEASE DONATE TO HELP LPP STUDENTS EARN CREDITS TO GRADUATE

The Lancaster Partnership Program (LPP) was established in 1988 and has a 30-year legacy of serving students and families of the School District of Lancaster. (<https://www.millersville.edu/givetolpp>)

Millersville University and LPP have started the "Think 30 to Graduate Initiative" to encourage students to earn 30 credits each academic year in order to save more, earn more and graduate on time.

Our goal is to raise \$10,000 to provide LPP students the opportunity to take additional courses during the winter and summer terms so that students can graduate in 4 years. Raising funds will give LPP students the opportunity to stay on track for the 4-year graduation plan, leaving less likelihood of them dropping out. In addition to providing students the opportunity to earn more credits, these funds will also help support the cost of books and school supplies for the courses taken.

Give and LPP will give back to you to show our appreciation,

- Gifts of up to \$50 will receive a personalized social media shout out
- Gifts between \$51-\$100 will receive an LPP drawstring bag**
- Gifts over \$100 will receive an LPP sweatshirt **

Just a little something to say THANK YOU for your support!

**While supplies last
